### Medical Information

**\*\*We require documented proof of you pet's vaccines before coming to board.** You may have your veterinarian fax proof to us at (715)392-6011 or bring a copy with you on check in day. Dogs must have Rabies, Distemper Combo, Bordetella and a negative fecal in the last year. Cats must have a Rabies, Feline Combo, Leukemia and a negative fecal in the last year. **Any pet found with parasites (worms, fleas, ticks, mites, etc) will be treated at the owners expense. If you do not provide proof of your pet's vaccines you may not be able to leave your pet with us.**

Current medical conditions (please provide a veterinary history if possible so we may better understand your pets needs)? \_\_\_\_\_

**If your pet is on medications please bring them with in their original container, there is \$1 a day charge extra to administer medications (\$3 per day for insulin injections).**

### Feeding instructions

We feed a sensitive stomach brand of Purina, we also feed Science Diet puppy for our younger guests. You may also provide (**and we encourage you to do so**) your own food to help prevent stomach upset and diarrhea. We ask that you bring your pets food in some sort of sealed container if possible.
